

REMARKS

Claims 3 and 4 have been amended. No claims have been added or canceled. Accordingly, claims 1-10 are currently pending in the application.

Claim 3 has been amended to overcome the outstanding rejection under 35 U.S.C. 112. This claim corresponds to the embodiment shown, by way of example only, in Fig. 2(a) in which the lines of magnets 31 function as the conductive member. The Examiner is hereby invited to contact the undersigned if any further changes are deemed necessary in order to expedite the issuance of this application.

In view of the foregoing amendments and remarks,  
Applicants contend that the above-identified application is  
now in condition for allowance. Accordingly, reconsideration  
and reexamination are respectfully requested.

Respectfully submitted,
